# High quality products for all your Dante Audio needs

Build your ideal audio solution with MuxLab's leading technology.

## Dante Column Speaker PoE, 60W

500220

Designed with advanced linear sound source technology with no reverberation for improved sound clarity.

## Dante Ceiling Speaker PoE, 40W

500221

High-performance full-range speaker ideal for music and vocals; It offers excellent dispersion, wide bandwidth, and a smooth frequency response.

COMBINE WITH THIS SOLUTION

## Passive Ceiling Speaker 8 Ohms/70V/100V, 40W

500222

High performance and easy to install full range speaker, can be used as an 8 ohm speaker or can also be set as a 70/100V speaker system. (works with the 500553 Dante Amplifier).

## Dante 2-Channel Power Amplifier, 240W

500553

Dante Power Amplifier with flexible routing, advanced features, compact design. Support 8 ohm or 70/100V speakers.

## Dante/Quad Channel Audio PoE Gateway

500765

This device connects non-Dante analog equipment to professional Dante audio systems, providing versatile compatibility.

## HDMI/Dante over IP PoE Transmitter, UHD-4K

500759-TX-Dante

This device extends video and audio over IP and allows independent distribution of audio to Dante devices.

## Dante 4-Channel Audio DSP

500556

Developed for the transmission, routing, and processing of audio signals in Dante networks.

## Bluetooth to Dante Interface

500554 | 500554-WH

The audio panel converts Bluetooth audio to a Dante digital audio signal in a bi-directional transmission.

## Bluetooth and Analog Audio to Dante Interface

500555 | 500555-WH

The audio panel converts Bluetooth and analog audio to a Dante digital audio signal in a bi-directional transmission.

# High quality products for all your Dante Audio needs

Build your ideal audio solution with MuxLab's leading technology.

## Dante 2-Channel Analog Audio Encoder

500551

Permits non-Dante compatible analog audio equipment to interface with Dante compatible professional audio equipment.

## Dante 2-Channel Analog Audio Decoder

500552

Permits Dante compatible audio equipment to interface with non-Dante analog audio equipment.

## Dante 2-Channel USB Audio Encoder/Decoder

500550

Designed to both encode 2ch USB audio to a Dante digital signal, and decode a Dante digital signal to 2ch USB audio.

## Dante DSP & Amplifier

500557

Enjoy routing, converting, processing and amplifying audio signals from a single device.

## Dante 2-Channel XLR Wall-Plate

500558 | 500558-WH

The unit allows the transmission of balanced or unbalanced two channel analog audio signals on XLR over the network to Dante equipment.

## USB-C/HDMI 5x1 Presentation Switcher with Dante

500533

This switcher combines innovation with functionality, providing a superior solution for presentations, conferencing and multimedia applications.

## PERFECT FOR A WIDE VARIETY OF APPLICATIONS.

Large selection of products to help you grow your business.

INTERACTIVE ROOMS

AUDITORIUMS

UNIVERSITIES

# A complete Dante Eco-System

Providing a simple and economical solution for all your Dante Audio transmission, routing, conversion, and processing needs.

## The MuxLab Dante Audio Eco-System
